Wyndham Pittsburgh University Center, Pittsburgh, USA

July 5 – July 7, 2017

Organized by

KSI Research Inc., USA

The Twenty-Ninth International Conference on Software Engineering and Knowledge Engineering (SEKE 2017) will be held at the Wyndham Pittsburgh University Center, Pittsburgh, USA, from July 5 to July 7, 2017.

The conference aims at bringing together experts in software engineering and knowledge engineering to discuss on relevant results in either software engineering or knowledge engineering or both. Special emphasis will be put on the transference of methods between both domains. The theme this year is big data and software engineering & knowledge engineering.

Special Issue of IJSEKE journal:

Best ranked papers from the conference will be selected for a super-sized special issue of the International Journal of Software Engineering and Knowledge Engineering (IJSEKE) to be published in December 2017 for early dissemination.

Topics include but are not limited to:

- Software Engineering Methodologies
- Software Engineering Techniques and Production Perspectives
- Artificial Intelligence
- Autonomic computing and agent-based systems
- SOA and Service-Oriented Systems
- Data modeling, mining and data analytics
- Knowledge systems and engineering
- Mobile computing and mobile system engineering
- Software & System Quality of Service
- Software & System Security
- Emergent Topics
- Smart learning and innovative education systems

Co-Located Conference:

The Int'l Conference on Distributed Multimedia Systems, Visual Languages and Sentient Systems DMSVLSS2017 (ksiresearchorg.ipage.com/seke/dms17.html) will be held at the same hotel from July 7 to July 8, 2017. Authors are welcome to contribute papers and attend both conferences.

Hotel Information:
